

PEST MANAGEMENT (CSP Enhancements)
Colorado Enhancement Activity Job Sheet P-4

January 2005

Name:

Enhancement of refuge habitat for beneficial insects to reduce annual chemical use.

Payment = \$5.00 / Acre / Year to enhance refuge habitat for beneficial insects.

Enhancement activities refer to actions that provide resource benefits beyond the level prescribed by the Natural Resources Conservation Service (NRCS) Conservation Practice Standards. Once implemented, enhancement activities should result in an observable or measurable improvement to the condition of one or more of the soil, water, air, plant or animal resources, or provide for more efficient resource utilization and/or energy conservation.

Potential over-wintering habitat must be identified for beneficial insects either normally occurring or released for control of an identified pest. **Enhancements can be** Pest management record history will be maintained.

Documentation Required: Farmer or crop consultant certification of a crop rotation and evidence of need (*documented threshold pressure*) for pest management techniques applied. An example is provided to assist you.

Tract & Field #s or Names	Beneficial Insect(s)	Habitat Enhancement	Insect(s) Survival
